REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In claims 1 and 14, the claimed removable compression limit spacer limiting said compression of the gasket seal to a predetermined compression level combined with the gasket seal compressed *by* the first and second housing members is neither taught nor suggested by the prior art of record. See Applicant's arguments directed towards Bennett '489 on pages 8-10 in the paper filed 11/16/04. Regarding claim 13, the Examiner points to Applicant's argument concerning invocation of 35 USC 112, sixth paragraph and the "means for establishing a hermetic seal ... to the second housing member" and indication of the specification on page 13, lines 7-17 as indicated on pages 10-11 of the paper filed 11/16/04, with Bennett not considered a structural equivalent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
